FARMSTAY HORSE RIDING CAMPS

BOOK EARLY PLEASE

At Horse Riding Warkworth we run a school holiday programme for students, 2 to 5 day programme during Monday to Friday. We also do weekend camps for students during the term.

Usually we take two rides on Sunday morning and 2 afternoon rides and go to church at night. We also do weekend camps outside the school holidays.

We have a big farmhouse which accommodates our own family and farmstay visitors. We have been having international farmstay visitors since November 1989.

FARMSTAY School Holiday Programme:

Each day we have 2 scheduled morning rides and 2 afternoon rides. Each day the farmstay students are able to help our leaders brush their horses ready for riding.

We teach the older students how to clean out their horses' hooves and how to put on the saddle and bridle. The students are able to ride a variety of different horses which will help them to improve their riding skills. As they make progress they are able to ride the slightly faster horses.

We always do our best to match the ponies and horses with the children's sizes and abilities to give them safe and enjoyable rides.

The price for farmstay students (primary and high-school students) is \$130 per day/night which includes accommodation, food, 3 horse rides and GST. The price for adults is \$150 per day.

If students do not wish to ride for some of the rides (because of sore muscles or bottoms) they can stay home and play table-tennis, pool billiards, play on trampoline or use computer or help leaders to put away horses.
